# PHP DEVELOPER  (REMOTE)

**xwerx**

Xwerx is looking for a mid-level PHP developer to join our team.

The successful candidate will embrace all aspects of PHP development, from setting up docker containers to writing secure, clean and maintainable code.

Our offices are headquartered in Dublin, but we are happy for the successful candidate to be based anywhere on the island of Ireland.

## Requirements

- Have at least 2+ years of commercial experience with PHP and its associated frameworks (i.e. Laravel, Symfony, Code Ignitor, WordPress).

- Confident writing SQL Queries for MySQL.

- Experience interfacing PHP with APIs (i.e. REST/SOAP).

- An ability to write clean code with an emphasis on security and future maintenance.

- Comfortable using Docker containers within Linux environments.

- Well versed in all aspects of the DevOps process, i.e. software change control and versioning.

- Good understanding of debugging and technical troubleshooting.

- Familiarity with JavaScript frontend frameworks (e.g. Vue, React).

- Have had exposure to an Agile software development lifecycle.

## Responsibilities

- Work within a team of Designers & Developers to develop highly functional, scalable, reliable web based applications.

- Participate in requirements gathering and analysis activities from a developer perspective.

- Identify, recommend, and embrace open-source software development.

- Document and complete tasks and projects on time.

## How to Apply

Please send CV and salary expectations to Seán Murphy **jobs@xwerx.com**.

Xwerx is an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees. https://www.xwerx.com/join-us
